

# New Model Information

## This suits the small bait reel of a new genre.

# AA85 Handle set

Fitting image for OCEACALCUTTA300

Introducing our new 85mm handle arm set!!  
 This handle set was built to match both Shimano's Ocea Calcutta 300 and Daiwa's Ryoga 2000 series reels!  
 We recommend these handle arms for both high pitch and slow pitch jigging.  
 Our ever most popular AG41 handle knobs are also a perfect match for these handles.

### Feature

- 85mm Bending Handle Arm
- Since a 3.5-mm board is used by the product made of duralumin, it is 20g.
- TB TITANIUM RIVET
- The thin arm base of L size
- The handle nut of the right and the left is attached.
- There are two kinds, Da/S for DAIWA and Si/B for SHIMANO.
- Retail Price(JPY) ¥10,000

"From this date forward we will only be selling our handle arms as a complete set".
