

New Model Information

Introducing our all new AE82 Handle Knob!

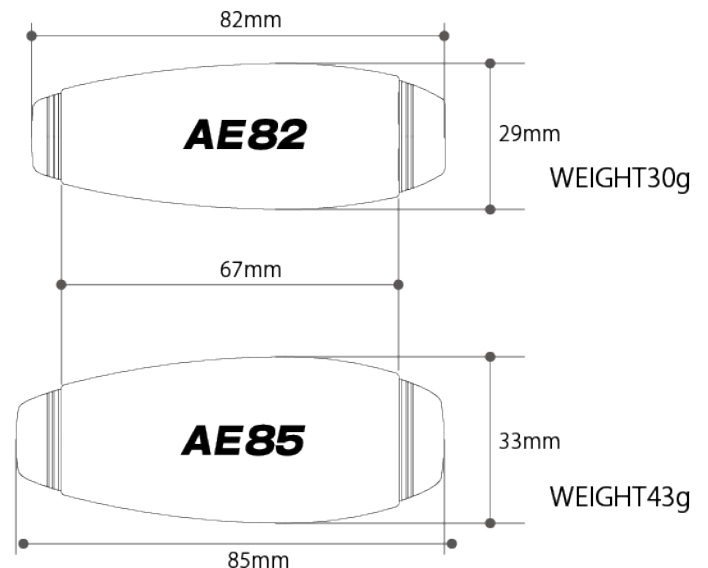

Thanks to all the positive reviews on our ever most popular AE85, we have decided to incorporated all of AE85's design/materials into our newest, most compact "Slow Pitch Jerk" knob ever! AE82 was designed/built to be used on a smaller jigging reel, such as the "ocea jigger 2000". For all you shallow water" Slow Pitch Jerk" fanatics out there, we hope you will all embrace our newest knob!
